VENDOR CATEGORIES

The Canadian Aquatic Expo will be promoting every aspect of the aquatic hobby by showcasing manufacturers, live aquatics, tropical and aquatic plants, décor, art and more.

The art and beauty of aquascaping and terrascaping has grown exponentially in recent years, and so has their followings. Arranging aquatic plants, rocks, wood, and substrates in an aesthetically pleasing manner is like having a piece of nature inside your home. Our goal is to enchant newcomers and hobbyists while immersing them in the beauty of aquascaping and terrascaping as they browse the expo aisles.

Tropical and exotic plants are also essential elements of both aquascaping and terrascaping. We plan to capture the passion and excitement that gardening enthusiasts experience by providing a unique plant-focused shopping experience and the opportunity to learn and engage with our expert vendors.
